Packing Materials

1, Product Base Info

* SKU
Your self-defined product ID. Letters and/or numbers only. No spacing, punctuations or special characters. Maximum 20 characters. Must be unique.
SKU is required!

* SKU Name
SKU Name can't contains Chinese!
SKU Name is required!

* Chinese Name
Product Chinese name is required!

* Description for Customs
Alpha-numeric maximum 100 characters

Step 1. Create Product

Different SKU should have different barcodes for them. If the products did not have the barcodes for themselves, please define your SFC barcodes in the system then our warehouse would paste the barcodes when received the stocks with **0.12RMB/label**.

Storage

- Create Product**
- Edit Product
- Create ASN
- ASN List
- Create RMA
- RMA List

This is for Customs Declaration. Please input the usage or purpose of the product. For example, if this is a cell phone, then Usage: For Communicati
Usage is required!

* HS Code

This is the international standard code for classifying your product at the Customs. [Download the HS Code List](#)
HS Code is required!

* Country of Manufacture

Country of Manufacture is required!

* Include Battery No Yes

* Does the product has an No Yes [Learn More](#)
existing barcode on it?

* Please input your preferred
barcode Please input your self-defined or self-assigned character string. No spacing, punctuations or special characters. Maximum 10 characters..... [More](#)
Barcode is required for Custom Label!

Tips: Please upload **one image** at least for each SKU in the system, which enables us to recognize the product we received is exactly same as you uploaded.

Step 1. Create Product

Create SKUs in batch: Create Product - Upload Products - Download the Excel Format; please fill in the required information for **Excel Format** then upload into the system.

The screenshot shows the SFC interface for creating products. On the left is a navigation menu with the following items: Storage, Create Product (circled in red), Edit Product, Create ASN, ASN List, Create RMA, RMA List, Add-on Services, and Inventory List. The main content area is titled 'Create Product' and contains two buttons: 'Create Product' and 'Upload Products' (circled in red). Below these buttons is a 'Download Template' section with two buttons: 'Excel Format(.xls)' and 'CSV Format(.csv)'. A red arrow points from the 'Excel Format(.xls)' button to the text 'Excel Format' in the instruction above. At the bottom of the main content area, there are two buttons: 'Select the file' and 'Upload to server'. A note at the bottom states: 'Only files in XLS or CSV format can be uploaded, and do not exceed 500kb'.

Step 1. Create Product

Before activating your product, you can “**Edit Product**” at anytime.

After your product is activated, you can only modify the **SKU Name**, **Description**, **HS Code** and **Country of Manufacture**. For other information, you need to **deactivate** your product before making any changes.

The screenshot shows the SFC Product List interface. On the left sidebar, the 'Edit Product' option is highlighted with a red box. A red arrow points from this box to the 'Edit Product' text in the first paragraph. Another red arrow points from the 'Deactivate' button in the product list to the 'deactivate' text in the second paragraph.

Product List

SKU Keywords Warehouse Please Select Customer Product Number

SKU Name Type Standard produ Activation Date option date Search Clear

Deleted (26) Draft (284) Pending Approval (2) Reject (0) Active (2771) Export Enable new warehouse Deactivate Print Product Label

No	Image	SKU	SKU Name	Warehouse	Weight(kg)	Product Value (USD)	Time	Action(s)
							2018-11-14 17:15:4	

Step 2. Activate product

Select the SKU which you want to activate, then click **Confirm** button.

The screenshot shows the SFC Product List interface. On the left is a sidebar with navigation options: My Account, Storage, Create Product, Edit Product (highlighted with a red box), Create ASN, ASN List, Create RMA, and RMA List. The main content area is titled 'Product List' and contains search filters for SKU, Keywords, Warehouse, Customer Product Number, SKU Name, Type, and Activation Date. Below the filters are status filters: Deleted (1), Draft (1) (circled in red), Pending Approval (0), Reject (0), and Active (3). Action buttons for Export, Active (circled in green), and Delete are visible. At the bottom is a table with columns: No, Image, SKU, SKU Name, Warehouse, Weight(kg), Product Value (USD), Time, and Action(s).

No	Image	SKU	SKU Name	Warehouse	Weight(kg)	Product Value (USD)	Time	Action(s)
----	-------	-----	----------	-----------	------------	---------------------	------	-----------

Step 2. Print and Paste Barcode Label

Select the **SKU** → **Print Product Label** → Enter the **QTY** → **Confirm**

The default size of barcode is **5cm * 2cm**, you can set the label size according to your needs, but please leave enough space on your product to paste the label smoothly, and enable us to scan the barcode successfully.

Create Batch Orders

You also could **Batch Upload Orders** if you have more orders at one time imported. Fill in the **Excel Format** as instruction showed.

The screenshot displays the SFC dashboard interface. On the left, a navigation menu includes 'Dashboard', 'My Account', 'Storage', 'Shipping', 'Create Order', 'Orders List', and 'Upload History'. The 'Create Order' option is circled in red. The main content area features a '6-Step Guide' with icons for a monitor, a box with a dollar sign, a box with a barcode, and a truck. Below this is a 'Create Order' section with two buttons: 'Create Order' and 'Batch Upload Orders', the latter of which is also circled in red. A red arrow points from the 'Batch Upload Orders' button to the text 'Fill in the Excel Format' in the introductory paragraph. Underneath, there is a 'Download Template' section with four buttons: 'Excel Format(T1)(.xls)', 'Excel Format(T2)(.xls)', 'WISH Excel(.xls)', and 'AMAZON Excel(.xls)'. At the bottom, there is a 'Select the file' section with 'Select the file' and 'Upload to server' buttons, and a note: 'Only files in XLS format can be uploaded, and do not exceed 500kb'.

Create Batch Orders

When fill in the batch upload template for the orders, please input different **Reference Numbers** for different orders as we would combine the ones with same reference number as one order.

Warehouse Name	Reference No.	Recipient First Name	Recipient Last Name	Recipient Address Line 1	Recipient Address Line 2
SHENZHEN02	10001	David	Poon	241 86th Avdde	
	10001				
SHENZHEN02	10002	Jassica	HUI	Yzermolenstraat 63	
(Required)	(Required)	(Required)	(Required)	(Required)	(Optional)

Create Batch Orders

When batch uploading your orders in Excel Template, if one order has more than one SKU: Please add another SKU in the next row (i.e. SKU200001, SKU200002).
Please add all Insured Value of each SKU together (10+10= USD20) and leave the 2nd row as blank.

G	H	I	J	K	L	M	N	O	P
Recipient City	Recipient State	Recipient Country Code	Recipient Zip Code	Recipient Tel	SKU	Quantity	Shipping Method	Insured Value (USD)	Description EN
New York	CA	US	56789	26980140	200001	1	HKBRAM	20	
					200002	2			
Heverlee Leuven	Kent	UK	MES 8TS	26980140	200003	1	CNSFEDEX	10	
(Required)	(Required)	(Required)	(Required)	(Required)	(Required)	(Required)	(Required)	(Required)	(Optional)

st input those for "Reference No.", "SKU" and "Quantity" fields only (as in above example).

Create Batch Orders

After filling in the order template, please import it into the system. And you would see they are imported into the **pending submit status** or **processing status** which is up to you. If there are wrong information for the orders, you could check the results for system notification under **Deatils** of **Upload History** to do the corresponding correction.

Top-UP your Account

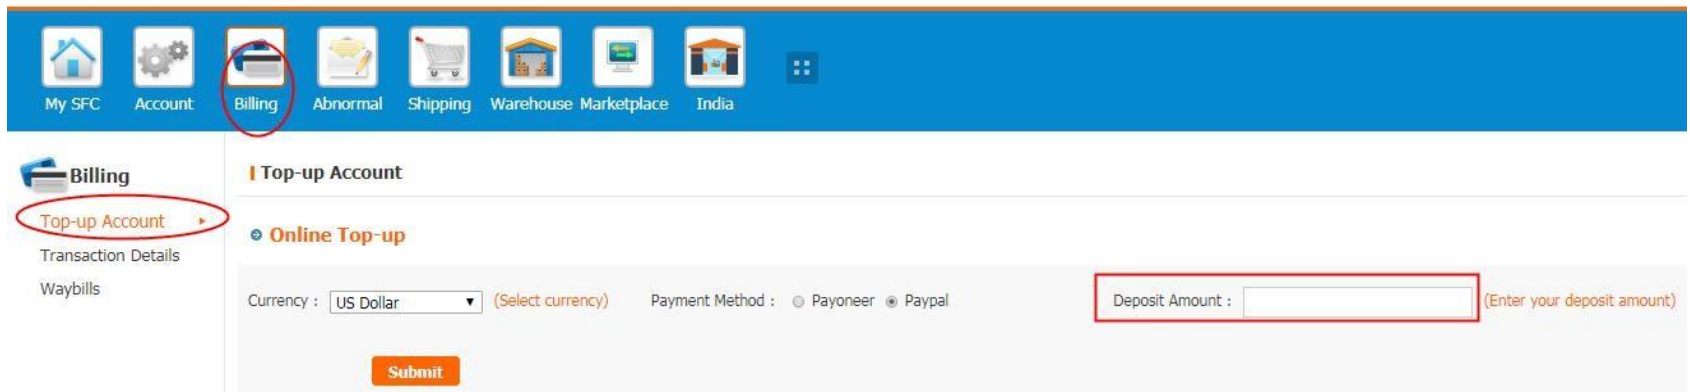

Top-Up (Please **mark your ID** when you top-up either by PayPal or HSBC which enables our F/A to recognize and process in advance). Please make sure your account has sufficient amount before delivery, you may also set-up the balance reminder in our system:

The screenshot shows the SFC user interface. At the top, there is a blue navigation bar with icons for My SFC, Account, Billing, Abnormal, Shipping, Warehouse, Marketplace, and India. The 'Account' icon is circled in red. Below the navigation bar, the 'Account' menu is visible on the left, with 'Preferences' circled in red. The main content area shows the 'Preferences' section, which is also circled in red. The 'The balance remind' section is highlighted with a red box and contains the following text: 'Whether remind when the balance is insufficient : Yes No' and 'Sets the account balance : 5100 RMB (Send remind message when account balance is below the set amount)'. Below this, the 'Shipping Notice' section is visible with the text 'Whether send tracking number to the recipient mail : Yes No'. The 'Distribution information' section is also visible with three radio button options.

Top-UP your Account

1. By Pay-Pal or Payoneer

Billing - Top-up Account - Enter the amount you would like to wire
Please be kindly noticed that there will be transaction fee charged by PayPal or Payoneer.

The screenshot shows the SFC Billing - Top-up Account page. The navigation bar at the top includes icons for My SFC, Account, Billing, Abnormal, Shipping, Warehouse Marketplace, and India. The Billing icon is circled in red. On the left sidebar, the Billing menu is expanded, and the Top-up Account option is circled in red. The main content area is titled Top-up Account and features an Online Top-up section. This section includes a Currency dropdown menu set to US Dollar, a Payment Method section with radio buttons for Payoneer and Paypal (Paypal is selected), and a Deposit Amount input field with a red border and a placeholder text "(Enter your deposit amount)". A Submit button is located at the bottom of the form.

Top-UP your Account
